Hyderabad, Telangana • Email: [indeed.com/r/Pradeep-Kumar/96485546eadd9488](mailto:indeed.com/r/Pradeep-Kumar/96485546eadd9488)

**Security Analyst | SIEM Specialist**

## Professional Summary

---

Results-driven **Security Analyst** with extensive experience in Security Incident and Event Management (SIEM). Expert in identifying, monitoring, and analyzing security events within real-time IT environments. Proven track record in an offshore SOC environment, managing complex security infrastructures, detecting intrusions, and optimizing SIEM components for global enterprise clients.

## Technical Skills

---

- **SIEM Platforms:** ArcSight (2 Years), McAfee ESM (1 Year), Splunk, SIEM Architecture.
- **Network Security:** Firewall Event Analysis, Intrusion Detection/Prevention (IDS/IPS).
- **Tools & Technologies:** HP Service Manager, Ticketing Systems, ESM Device Integration.
- **Core Competencies:** Security Event Analysis, Log Management, False Positive Reduction, Fine-tuning, L2 Support.

## Work Experience

---

### Infosys - Career Contour

Security Analyst

March 2015 – Present

Hyderabad, India

- **SOC Operations:** Serve as a core member of the offshore SOC team, monitoring real-time security events to detect and prevent sophisticated intrusion attempts.
- **SIEM Management:** Provide Level 2 support for SIEM components, ensuring high availability and optimal performance of the security infrastructure.
- **Device Integration:** Lead the integration of new security devices and the creation of custom alarms within the McAfee ESM environment.
- **Incident Analysis:** Analyze firewall events and health status for all integrated ESM devices to maintain security posture.
- **Incident Response:** Investigate suspicious activities, create detailed cases, and escalate critical issues to the Onsite SOC team for further investigation.
- **Performance Optimization:** Actively identify false positives and perform fine-tuning of security events to improve alert accuracy.
- **Reporting:** Generate and analyze daily, weekly, and monthly security reports to meet client-specific compliance and security requirements.

## Education

---

### Jawaharlal Nehru Technological University

Bachelor of Technology (B-Tech)

Hyderabad, Telangana

## Core Responsibilities

---

- Identifying, monitoring, and analyzing security events within real-time IT environments.
- Providing a centralized view of security scenarios for complex IT infrastructures.
- Managing SIEM tool lifecycles including integration, health monitoring, and alarm creation.
- Collaborating with cross-functional global teams for incident resolution and escalation.
