EHR GO-LIVES

Strategic healthcare IT executive with 13+ years implementing enterprise-scale digital health solutions across major academic medical centers. Led 18 major EHR deployments affecting 42,000+ clinical users. Expert in health data interoperability (HL7 FHIR), regulatory compliance (HIPAA, ONC), and building high-performing IT teams. Passionate about leveraging technology to improve patient outcomes and reduce clinician burden.

Professional Experience

Director of Digital Health & IT

Jul 2021 - Present

Cleveland Clinic • Cleveland, OH

- ◆ Lead 220-person IT organization supporting 63,000 caregivers across 22 hospitals and 200+ outpatient locations
- ◆ Directed \$140M Epic EHR optimization program; reduced clinician documentation time by 34%, recovering 2.1M hours annually
- ◆ Launched Cleveland Clinic's telehealth platform; scaled from 0 to 12,000 virtual visits/day, achieving 4.7/5 patient satisfaction
- ◆ Implemented FHIR R4 interoperability layer enabling real-time data exchange with 180 external health systems
- ◆ Led clinical AI integration program deploying 7 FDA-cleared AI tools; reduced sepsis mortality by 18% through early warning system
- ◆ Achieved HIMSS EMRAM Stage 7 (highest designation) at 4 hospitals; first Cleveland Clinic locations to reach this milestone

Sr. Manager, EHR Operations

Apr 2017 - Jun 2021

Kaiser Permanente • Oakland, CA

- ◆ Managed KP HealthConnect (Epic) operations across Northern California Region supporting 9.5M patients and 25,000 clinicians
- ◆ Led 6 major KP HealthConnect upgrades with zero unplanned downtime across 23 medical centers
- ◆ Built clinical informatics team of 45; reduced EHR-related help desk tickets by 62% through workflow redesign and training
- ◆ Designed patient portal engagement program increasing MyChart adoption from 34% to 72% in 18 months

IT Project Manager - EHR Implementation

Aug 2011 - Mar 2017

Mayo Clinic • Rochester, MN

- ◆ Led implementation of Epic EHR across Mayo's enterprise; managed \$280M project with 400+ team members, delivered on time and 8% under budget
- ◆ Designed clinical workflow standardization framework adopted across all Mayo Clinic sites in US
- ◆ Developed training curriculum for 65,000 staff; achieved 94% competency on first assessment
