WORK EXPERIENCE

Director of Product - Platform **Salesforce** · San Francisco, CA

May 2021 - Present

- Own Salesforce Platform product strategy for Einstein AI features serving 150,000+ enterprise customers and 4M+ developers on the Salesforce AppExchange
- Launched Einstein GPT (now Salesforce Einstein Copilot) — first generative AI CRM product at enterprise scale; reached 1M daily active users in 6 months, \$400M incremental ARR
- Led Salesforce's acquisition integration of Slack Workflow Builder: unified API surface, established platform compatibility, grew workflow automation usage by 180%
- Defined 5-year platform roadmap securing \$250M engineering investment from C-suite; established API-first design standards for all Salesforce products
- Built developer ecosystem program growing AppExchange to 8,000+ apps; ecosystem revenue grew from \$1.2B to \$2.8B under my ownership
- Led team of 6 PMs, 2 designers, 1 researcher across platform surfaces; achieved 92% PM satisfaction score in annual engagement survey

Senior Product Manager - Workflows **Slack Technologies** · San Francisco, CA

Sep 2018 - Apr 2021

- PM lead for Slack Workflow Builder — no-code automation product; took from 0 to 500K active workflows in 18 months, supporting 12M+ daily Slack users
- Defined integration API strategy; grew Slack App Directory from 1,800 to 2,400 apps in 2 years through developer experience improvements
- Launched Slack Connect (external org messaging) — led product requirements and go-to-market; feature drove 30% of Salesforce acquisition rationale (\$27.7B deal)
- Shipped Slack's first enterprise analytics dashboard for admins; improved IT admin retention by 24% and drove upsell to Enterprise Grid

Product Manager **Zendesk** · San Francisco, CA

Jul 2015 - Aug 2018

- Owned Zendesk Sunshine platform (customer data platform); led 3 engineering teams and delivered REST+GraphQL APIs used by 85,000+ developer accounts
- Shipped Zendesk's Answer Bot (AI-powered self-service) from 0→1; deflected 28% of tickets in first year, saving customers \$40M+ in support costs
- Led Zendesk's first enterprise admin console redesign; NPS improved from 18 to 52 among IT administrators
