MAJOR BREACHES

Seasoned CISO and security executive with 15+ years defending critical infrastructure, financial systems, and government networks from nation-state and criminal threats. Led enterprise security programs at Booz Allen Hamilton, Mastercard, and the Department of Homeland Security. Expert in building security culture, zero-trust architectures, and incident response capabilities at scale. TS/SCI cleared.

EXPERIENCE

VP OF CYBERSECURITY / CISO

Apr 2021 - Present

Mastercard Inc. · Purchase, NY (Hybrid)

- Serve as CISO overseeing global security program protecting \$9T in annual payment transactions across 210 countries
- Built and lead 180-person Security Operations Center with 24/7 threat detection across 3 global sites; reduced mean detection time from 14 hours to 22 minutes
- Drove zero-trust network architecture across 25,000-endpoint corporate environment; eliminated lateral movement in 3 red team exercises post-implementation
- Championed \$120M security transformation program including SIEM modernization, PAM deployment, and UEBA rollout
- Led response to 4 nation-state intrusion attempts; coordinated with NSA/CISA; zero data exfiltration achieved
- Achieved ISO 27001, PCI DSS Level 1, and SOC2 Type II certifications across all product domains within 14 months

DIRECTOR OF THREAT INTELLIGENCE

Jun 2016 - Mar 2021

Booz Allen Hamilton · McLean, VA

- Led classified threat intelligence programs supporting DoD, DHS, and 3 Intelligence Community clients
- Built advanced persistent threat (APT) attribution capability integrating HUMINT, SIGINT, and technical indicators
- Authored intelligence reports cited in Congressional testimony on critical infrastructure security
- Directed 12 high-profile incident response engagements across healthcare, energy, and defense sectors
- Developed machine learning-based malware classification system with 97.2% accuracy, reducing manual analysis by 80%

SENIOR CYBERSECURITY ANALYST

Aug 2010 - May 2016

Dept. of Homeland Security (CISA) · Washington, DC

- Served in DHS National Cybersecurity and Communications Integration Center (NCCIC) as senior analyst
- Led technical analysis of 200+ significant cyber incidents including ICS/SCADA attacks on utility infrastructure
- Co-developed the ICS-CERT vulnerability disclosure framework adopted as federal standard in 2013

CONTRIBUTIONS

- Board Member, National Cybersecurity Alliance (2022-Present)
- Adjunct Professor, Georgetown University Security Studies Program
- Author: "Zero Trust in Practice" (Wiley, 2021) · 12,000+ copies sold
- RSA Conference Keynote Speaker (2022, 2023) · 6,000+ attendees
