PRODUCTS BUILT

Visionary Product Manager with 11+ years at the intersection of fintech, consumer, and platform products. Track record of defining and delivering products used by tens of millions. Deep expertise turning ambiguous market opportunities into products with measurable outcomes. Former PM lead at PayPal, Robinhood, and Intuit.

EXPERIENCE

Director of Product - Payments Platform

PayPal Inc.

Jan 2022 - Present

- Own end-to-end product vision for PayPal's Checkout SDK used by 3M+ merchants globally, processing \$400B annually
- Led 0→1 launch of "Pay Later" BNPL product in 8 markets, reaching \$2.1B GMV in year 1 exceeding target by 140%
- Defined 3-year roadmap for next-gen payment APIs; secured \$85M engineering investment from C-suite
- Reduced checkout abandonment by 18% through AI-powered smart form auto-complete feature
- Grew NPS from 31 to 67 over 18 months through systematic developer feedback loops

Senior Product Manager - Investing

Robinhood Markets

Mar 2019 - Dec 2021

- ✦ Led Options trading product serving 2M+ active traders; drove 310% YoY volume growth through UX and education features
- ✦ Launched Recurring Investment feature – grew 0 to 800K daily active users in 4 months
- ✦ Managed \$24M engineering budget; led team of 3 PMs, 18 engineers, 4 designers across 2 time zones
- ✦ Redesigned onboarding funnel reducing time-to-first-trade from 11 days to 2.8 hours

Product Manager - TurboTax Mobile

Intuit Inc.

Aug 2014 - Feb 2019

- ✦ Grew TurboTax iOS/Android from 4M to 14M users over 5 tax seasons through personalization and automation
- ✦ Shipped AI-powered "SnapTax" document scan feature reducing filing time by 65%; featured at Apple WWDC 2017
- ✦ Launched freelancer-specific tax guidance flow driving 22% lift in conversion for gig economy segment
